# Our Educational Philosophy

Everyone can Learn  
Everyone can Serve  
Everyone is Special

Our children do best when school and parents work hand in hand to support them.

## Strengthening School-Home Partnership

Refreshed Guidelines for School-Home Partnership will:

- Provide clearer guidance to schools and parents on working together positively and respectfully.
- Focus on:
  - Respectful communication between parents and teachers
  - Being good role models to our children
  - Supporting them to develop strong relationships and healthy habits in the digital age

# Leveraging Technology in our communications with parents

# SKPS PSG Core Values

## **Trust**

We want our partnerships to be built on trust. Trust is reliance on the integrity and ability of the PSG, and of which it is established on integrity and mutual respect. The trust that we have helps us influence our willingness to act on advice.

## **Collaboration**

The PSG is fortunate to have great assets – parents with diverse strengths, experiences, training and background. We complement one another's limitations and strengths, and become stronger, then achieving much more when we work as a team selflessly for all our children.

## **Excellence**

We define excellence in a twofold way. The PSG aims to help support in all ways that we can successfully in a most efficient and effective manner, tapping on everyone's strengths and ideas. We are receptive to every parent's suggestion and are committed to a continuous process of improvement.

# Culture of SKPS PSG

## Fun

We fully engage in work and bring out the fun factor in it.

## Unity

We work together and speak with one voice, respecting and appreciating every individual.  
Every agreement or disagreement can be a constructive learning process.

## People oriented

We take a personal interest in the well-being of others and watch out for one another.  
We show appreciation for every contribution and effort, big or small.

## Learning and growing

We are open to new ideas and are bold without being reckless or disrespectful. We inspire,  
challenge and support one another to be our best and sustain our effort.

## Open and authentic relationships

We seek first to listen and understand, and communicate with love and empathy. We use  
words that build people up rather than words that tear them down. We take initiative to deal  
with issues and collaborate to resolve them.

# Sharing from our PSG parents...

*It is a rewarding experience for me as I support the students in reading, and I see them gaining confidence in reading independently.*

*The sharing sessions were online and convenient. I get to hear from fellow parents and know that I am not alone in this journey.*

At the end of the day, the  
most overwhelming key  
to a child's success is the  
positive involvement of  
parents.
