# SKPS PSG Core Values

## **Trust**

We want our partnerships to be built on trust. Trust is reliance on the integrity and ability of the PSG, and of which it is established on integrity and mutual respect. The trust that we have helps us influence our willingness to act on advice.

## **Collaboration**

The PSG is fortunate to have great assets – parents with diverse strengths, experiences, training and background. We complement one another's limitations and strengths, and become stronger, then achieving much more when we work as a team selflessly for all our children.

## **Excellence**

We define excellence in a twofold way. The PSG aims to help support in all ways that we can successfully in a most efficient and effective manner, tapping on everyone's strengths and ideas. We are receptive to every parent's suggestion and are committed to a continuous process of improvement.

# Culture of SKPS PSG

## Fun

We fully engage in work and bring out the fun factor in it.

## Unity

We work together and speak with one voice, respecting and appreciating every individual.  
Every agreement or disagreement can be a constructive learning process.

## People oriented

We take a personal interest in the well-being of others and watch out for one another.  
We show appreciation for every contribution and effort, big or small.

## Learning and growing

We are open to new ideas and are bold without being reckless or disrespectful. We inspire,  
challenge and support one another to be our best and sustain our effort.

## Open and authentic relationships

We seek first to listen and understand, and communicate with love and empathy. We use  
words that build people up rather than words that tear them down. We take initiative to deal  
with issues and collaborate to resolve them.
